

GOGGLES - EYE MASK

\$2.77

SKU: N/A

Categories: [Bioide](#), [FaceProtect](#),
[PersonProtect](#)

PRODUCT DESCRIPTION

The goggles eye mask is made up of protective cover, foam strip, and fixing device made of macromolecule material. Goggles are used to block body fluids, blood splashes, or splashes.

The lens is transparent, with a smooth surface, free of scratches, cracks, ripples, bubbles, etc.

The surface of the goggle-eye mask shall be smooth without a blur or sharp angle.

The fixing device(/elastic belt) of the google eye cover shall be horizontally applied with 10N tension to keep the device(/elastic belt) from falling off the cover body.

Certificate of Conformity

Certificate No.: [REDACTED] L201
 Regulation (EU) 2016/425 on PPE, Annex IV

Applicant: [REDACTED] Factory
 [REDACTED] City
 [REDACTED] Province, China

Manufacturer: Same as applicant

Product: Goggles

Trademark: J

Model(s): 8155, 8156

This certificate of conformity confirms that the listed product complies with the essential requirements set out in Article 6 of Regulation (EU) 2016/425 on PPE.
 This certificate does not imply an assessment of the whole production. The manufacturer is responsible for the integral production control to ensure the production is in compliance with the essential requirements of the Directive below mentioned.

CONFORMITY DETAILS			
Regulation	Applicant	Conformity Evidence	Result
EU 2016/425 (PPE)	EN 166:2001	KB2003018	Conform

The test results apply only to the particular sample tested and to the specific tests carried out. Technical report and documentation are at the applicant's disposal.

CE

Authorised by:

JACK O'CONNELL
 Date: March 24, 2020

This certificate applies specifically to the sample investigated in our test reference number only. The CE marking, as shown above, can be affixed under the responsibility of the manufacturer, all relevant and effective EU Directives are complied with.
